Superintendent Nasshan thanked all the Lincolnwood School District 74 Board of Education members for their time and dedication to the Lincolnwood Learning Community.

II. District Updates

Superintendent Nasshan shared the District goals with regards to the COVID-19 pandemic:

1. The number one goal was to open schools in a safe manner.
2. The secondary goal is to safely stay open, and
3. The third goal is to meet students where they are and help them grow academically, socially and emotionally. This means ALL learners, in person and remote learners. The staff has worked tirelessly to find the balance.

In order to achieve all of these goals, Superintendent Nasshan encourages all to continue to work together. Not only in school but also as we are in the community, especially as the holiday season approaches. All are encouraged to maintain vigilant with the current recommendations:

- Wear a mask – all times, nose covered – wash masks
- Physical distancing
- Wash hands
- Clean, disinfect

The entire community is going through this pandemic, no one is doing what they normally do, many are not comfortable with the current situation, but we must find ways to stay safe and adapt. Superintendent Nasshan thanked everyone for working collaboratively.

EXHIBIT A (LTA Statement)

Thursday, 11/5/2020

Members of District 74 School Board, teachers, staff, and community members:

The LTA is very concerned with the rising number of positive cases of COVID-19 in Lincolnwood and the greater Suburban Cook County region.

According to the Center for Disease Control (CDC) a community is at **higher risk** of COVID transmissions in school when the percentage of tests are positive during the last 14 days is between 8% to 10%. As of November 4th, the Lincolnwood 14 Day positive rate is **11.51%** and our 7-day average is **13.91%**. Also, according to the CDC, a community is at the **highest risk** of COVID transmissions in schools when the number of new cases per 100,000 persons within the last 14 days is greater than 200. Currently, the number of new cases in Lincolnwood per 100,000 (7-day) is at **1,026** the 14-day number of new cases in Lincolnwood is **1,410**. These numbers continue to trend in an increasing direction. (1,3)

As of November 2nd, the Suburban Cook County Region 10 metrics have indicated that the positivity rate for our area is over 11% and has been over 8% since October 24.(2)

We have continued to maintain a safe environment and promoted the importance of proper mask wearing and social distancing to the extent possible. However, our students eat lunch on campus (at school) and of course, are unmasked. As the weather gets colder and we are forced inside, lunchtime becomes more of a risk to our students and supervisors. This is a concern as the mitigation measures for Cook county have now even closed restaurants to indoor dining.

Although the COVID Safety Team has been productive in maintaining a safe operating school district during this pandemic, we have serious concerns in regards to how long *even our best efforts can maintain this level of safety*.

Thank you for listening to our concerns,
The LTA Co-Presidents

Description of Services Offered

The following is a description of the various services CEC offers as part of our service agreements. Please see the scope page of your contract for which services are selected for your agreement.

Preventative Maintenance Package: The benefit of this package is that it keeps your investment in your automation system operating at peak performance and avoids inevitable deterioration.

- CEC will perform periodic site visits to optimize system performance.
- We will provide a Software Engineer and/or Field Tech to review your system.
- All our Software Engineers are specialists in software programming, networking analysis and HVAC system performance.
- All our Field Techs are Union Journeymen (Electricians and Pipefitters). They have training in HVAC system analysis, Electronics, and product maintenance.
- Services preformed include: (see schedule X for complete detail)
 - Review of service log
 - Review of any items in override
 - Review alarm log
 - Database review and management
 - Server/Workstation maintenance.
 - Device calibration
 - Controller review/maintenance.
 - Re-tuning control loops as necessary.

Technical Support Package: This service will give your staff the needed support to allow them to fully utilize the system.

- Service Log Book: Provide site service log book for documenting all problems
- Phone Support: Technical experts will assist you via the phone to identify and resolve operational issues. Support will be available weekdays 8:00 am till 4:00 pm. Included at no charge. Support is also available off hours, weekends and holidays with a slight up-charge for premium time.
- Remote On-Line Service: Our expert will log on remotely and troubleshoot your system to resolve operational issues. Owner to provide and maintain a high speed internet connection and/or phone line for this service.
- Database Protection: CEC will periodically (see schedule) back up the system database and files. One back-up copy will be left on site and one maintained off site on CEC's server.
- Software subscription: CEC will update software & firmware when new releases are made available from the manufacturer. This includes revisions to current products (such as rev. 2.1 to 2.2). New products will be offered at a discounted price (such as rev. 2.x to 3.x).

Equipment Repair Service: We provide three levels of repair service. You can choose the level of service that best meets your needs and budget. In all cases you will save money with our service. With our expert staff, issues will be diagnosed and resolved in less time.

- Full Coverage: This is complete coverage of materials and labor similar to an "extended warranty". This coverage can be on all categories of equipment or just some. Example, you can get full coverage on the controllers but not the field devices. The benefit of full coverage is that you have a known fixed cost for repairs and no surprises.

Description of Services Offered (continued)

- **Repair Allowance:** This is an annual prepaid dollar allowance for any repairs, expansions or upgrades. Repairs, etc. will be “charged” against the allowance at the reduced agreement customer rate. The cost of this service is further discounted. Any unused allowance can be used for any other service we offer. This is an excellent service to cover those minor changes you would like to have done.
- **Pay As You Go:** Under this service all repairs are billed at the discounted rates. As a maintenance agreement customer, you receive reduced rates for each hour of billed labor and special multipliers on manufacture’s list prices for materials.

Training Allowance: A well trained staff is the best way to get a good return on your investment. This service puts in place a plan to keep your staff up to speed on the proper and most efficient use of the system. You have staff turnover, personnel that may have gotten “rusty” and a need to continually improve the knowledge of your staff.

- This is an annual prepaid dollar allowance, which can be used for ongoing training. Training can be any of these forms: on-site custom training, classroom training or on-line training. The cost of this service is discounted. Any unused allowance can be used for any other service we provide.

Continuous Commissioning: The benefit of this service is to keep your systems operating at designed peak efficiency. It also uncovers problems that may go unnoticed for a long time. You commissioned the system when it was first started, but much happens over time and it is a good idea to do a thorough check-up on a periodic basis. This goes beyond the standard preventative maintenance and verifies everything is operating properly.

- Under this service we will make a list of all of the HVAC systems in your facility and set up a periodic schedule so that one or more system gets re-commissioned each year and every system gets done every several years.
- Re-commissioning involves a thorough test and verification of all devices and control sequences. End-to-end accuracy and functionality of all devices are tested.
- We will issue a detailed report showing everything that was verified.
- This can be provided as a separate service or as part of the preventative maintenance package.

Monitoring Service: For facilities that do not have 24x7 coverage for their buildings, this service lets CEC be your eyes & ears. We will monitor your system for alarms and trouble. If a problem occurs in the middle of the night or on a long weekend, we will respond to it instead of discovering it when occupants arrive in the morning.

- If anything goes into alarm day or night, we will have an expert contact your system on-line and diagnose the problem to the extent possible.
- After the problem is diagnosed we will respond in a pre-approved manner which may include any or all of the following:
 - Place phone calls to one or more people.
 - Send emails to one or more people.
 - Dispatch technicians to repair the problem
 - Contact other service providers who may service your mechanical or electrical equipment.

Description of Services Offered (continued)

- Every incident will have a follow-up email stating the issue and resolution.
- We will monitor a daily “heartbeat” to insure all communications are functioning properly. Absence of a successful heartbeat will generate an alarm.
- We will periodically contact your system on-line and look for any issues. We can issue a report via email after each review if you wish.
- Owner is responsible to maintain internet and/or phone line connection to the system.

Annual Review: The benefit of this service is to give you, and us, a “report card” on how we are collectively doing to maximize performance of the system. It will provide an opportunity to enhance your use of the system and our ability to better meet your needs. Included in all service agreements.

- CEC will annually review with your staff and discuss the services performed during the past year.
- We will ask for your feedback on how well we met your needs and see if adjustments to coverage are warranted.
- We will review how the system has performed, and how well it was utilized.
- We will recommend any improvements and options to enhance system performance, resolve operational problems and meet your changing needs and objectives.
- We will review opportunities to reduce utility costs.

Initial Coordination Meeting: Included in any new, or modified, service agreement.

- This meeting is to insure that everyone involved from CEC and you, our customer, understand and agree with the expectations of the service offered.
- At the start of the service agreement CEC will meet at the customer site. We suggest the Facility or Property Manager and Chief Engineer attend.
- We will introduce the various personnel that will be servicing your account.
- We will review the scope of the services offered and go over expectations and answer any questions you may have.
- CEC will deliver a service log book and review its purpose and use.
- We will review best methods for contacting us should emergency service be required.

General:

Preventative Maintenance Reports and Recommendations:

- Upon completion of each PM routine, a written report and presentation of findings/recommendations will be provided to the appropriate Facilities personnel.

Review Site Log Book:

- Each Preventative Maintenance routine begins with a review of your site log book so that ongoing issues can be noted and a plan made to address them.

Workstations and Servers:

Review Network and Communication:

- Verify Communication with all Client Workstations.
- Verify Web Access system (if applicable).
- Review system for CRITICAL and OFF-LINE status indicators.
- Review system for OVERRIDE and DISABLED status indicators.
- Verify all network services running properly.
- Check the operation of any modem lines and/or internet connections.
- Review status of communication to all controllers.
- The following Network Analysis tasks are performed as appropriate to verify or discount suspected communications problems.
- Analyze the number of operator or system change occurrences (Alarms, Trends, Uploads) for impact on network performance.
- Analyze the Error Rate & Transmission Rate.
- Any issues are noted and recommendations made.

Review operating system software:

- Review Windows Event Logs
- Check to confirm all Services Running
- Check for unusual page faults
- Check that all system updates are current.

- Cold reboot server/workstation, Just as with your Personal Computer, it is important to reboot the Server periodically to clear the memory, page faults, etc.

Schedule of Preventative Maintenance Tasks (continued)

Perform System Analysis of Server hardware: (once per year)

- Execute disk cleanup. This utility allows for the deletion of temporary or unused files.
- Execute SCANDISK for Server. This utility checks your hard-drive for errors. File fragments and other errors may cause your system to intermittently “crash” or run at less than peak performance.
- Execute DEFRAG for Server. This utility in conjunction with SCANDISK will defragment your hard drive. A fragmented hard drive may cause your system to intermittently “crash” or run at less than peak performance.
- Analyze free hard drive space and perform off-line storage for older files if space needed.
- Clean out computer and keyboard with compressed air.
- Wipe down keyboard, monitor and mouse with wipes.

Review BAS System Software:

- Review alarm log, looking for critical point conditions.
- Review alarm log for points that generate excessive alarms.
- Review alarm log for points that generate unnecessary alarms.
- The technician will make recommendations to address root cause hardware or software issues causing alarms.
- Review Event Log looking for unusual events.
- The technician will make recommendations to address issues causing events.
- Run reports to check for failed points. Failed points may be indicators of equipment / devices needing repair or of a significant database issue.
- The technician will make recommendations to address failed points.
- Run reports to check for points in Operator Override. Points in operator override cause the system to not run in “Automatic” mode and may compromise system function, lead / lag logic, and/or energy conservation strategies.
- The technician will make a list of all points in Operator Override along with recommendations to address root cause.
- Review the system as a whole from the Graphic Workstation and ensure the control system is operating as desired. Items such as graphics, system response time, operation of DDC Programs and device/equipment operation will be noted.
- Any discrepancies or areas of concern will be noted.
- Verify Software revisions on all workstation/server software. Update to latest version covered by contract.

Database Maintenance:

- Execute database repair operation. The repair operation enhances system stability and reliability, while increasing database access and system speed.
- Perform database compacting. The Compact operation is similar to disk defragmenting. It consolidates database files on the hard disk, rearranging how files are stored so they use disk space more efficiently and system database access time is decreased.
- The site databases will be backed up with one copy left on site and another copy placed on CEC's off site server.

Schedule of Preventative Maintenance Tasks (continued)

Global and System Controllers:

Network Analysis:

- A properly functioning network is critical to the correct operation of the system. Each Global Controller will be analyzed.
- Analyze each MS/TP or other sub network for error rate and transmission rate.
- The Global Controller Error Log is reviewed and reset.

Perform a Battery Check of all Controllers:

- Fully charged Batteries are key to maintaining the volatile RAM in your controllers in the event of a power failure and/or brownout.
- Battery levels shall be checked and documented controllers. Controllers needing battery replacement shall be identified to owner's representative.

Perform Memory Analysis of all Controllers:

- Each controller shall be diagnosed to ensure adequate memory is available to perform trending, alarming and other system tasks.
- A panel that is low on memory will experience intermittent problems, slow speed of response, may lose data and may experience "command" issues.
- Any panels that are low on memory will be noted along with recommendations to remediate the issue.

Review Controllers Operation:

- Accurate and reliable operation of the Global Controllers is key to the successful operation of your facility.
- ROC File Version is verified against most recent version and known system issues.
- The DDC Program is verified to be running.
- System Date/Time settings are verified.
- Daylight Savings settings are verified.

Central Plant – Operational Verification:

- The operation of Central Plant equipment will be reviewed:
 - Verify the discharge set points of each system against actual temperatures.
 - Verify historical staging/loading of equipment.
 - Review historical trends for short cycling.
 - Provide a report of any discrepancies found.

AHU/ACU – Operational Verification:

- Verification of the correct function of the AHUs and the controllers controlling them will be performed:
 - Verify that the AHU/ACU is being controlled at the appropriate value.
 - Review historical trends for hunting/cycling.
 - Change each set point and verify smooth transition and stable control to new set point.
 - Return each set point to original value.
 - Provide a report of any discrepancies found.

Unitary Controllers:

VAV/Terminal Device – Operational Verification:

- The majority of a facility's energy use occurs at the terminal device level. By performing reviews of the entire system's Terminal Device operation accurate temperature and pressure control is ensured and energy usage is significantly decreased.
- This service provides an exception based review of the operation of all your terminal devices.
- Logs will be run to review all Terminal Boxes for 100% open dampers.
 - A box with a 100% damper command may indicate a falsely low CFM reading. This may be the result of loose or disconnected velocity pickup tubes, an inaccurate flow coefficient requiring balancing, or a faulty controller. A 100% damper command may also be the result of the VAV unable to achieve the desired CFM. This may be an indication of a binding or loose damper or actuator, an obstructed duct (fire smoke or balancing damper), or too low of a duct static pressure.
- Logs will be run to review all Terminal Boxes for 0% open dampers.
 - A box with a 0% damper command may indicate a falsely high CFM reading. This may be the result of a loose or disconnected velocity pickup tube. Another cause of a 0% Damper Command would be a loose or binding damper or actuator that is unable to close fully and lower CFM. A faulty controller may also be the cause.
- Logs will be run to review all Terminal Devices for 100% open valves.
 - A Terminal Device with a 100% valve command may indicate an undersized coil, a clogged valve, insufficient reheat water temperature, a closed isolation/balancing valve, or an improper heating mode CFM. A faulty controller may also be the cause.
- Review zones for inability to maintain set point.
- Provide a report of any discrepancies found.

Unitary Controllers other – Operational Verification:

- Verify the operation of any other unitary controllers.
- Provide a report of any discrepancies found.

Schedule of Preventative Maintenance Tasks (continued)

Point Hardware: (Not Included)

Temperature sensors:

- Temperature sensors do not drift so we will check them all to see that they have a logical value. Ones found out of range will be individually checked at the device.

Humidity & Pressure sensors:

- We will calibrate all humidity sensors by placing a calibrated instrument next to them.
- We will calibrate all pressure sensors against a calibrated instrument. Differential pressure transducers will have their reference ends checked for clogs or blockages.
- Minor differences will be recalibrated. Major differences will be reported as failed.
- Recommend replacement when sensor nears end of its useful life.

Gas sensors:

- Gas sensors will be calibrated per manufacture recommendations.
- Minor differences will be recalibrated. Major differences will be reported as failed.
- Recommend replacement when sensor nears end of its useful life.

Flow and Utility meters:

- Flow meters will have their transducers calibrated per factory recommendations.
- Utility meters will be checked against utility bills. (owner to provide utility bills).

Relays, Current Switches and Status points:

- All binary points will be visually verified and change of state will be checked where practical.

Service Request Procedures

Please follow the following procedures in order to insure you get prompt service.

Before you call:

- Determine, to the best of your ability, that the problem is related to the control system and not a mechanical equipment or electrical problem. This will avoid charges for uncovered services.
- Document the problem. Make notes in the site log, or other method, as to the exact symptoms and times they occurred.
- Print or save to disk applicable trend logs.
- Take screen shots of applicable graphics.

For service call 630-954-1300 24 hours a day.

I, on behalf of the **Lincolnwood School District 74** (“CLIENT”), hereby authorize Infinite Connections, Inc. (“ICI”) to assist the CLIENT in its E-rate application process on behalf of the CLIENT. I also hereby authorize Infinite Connections, Inc. to respond on CLIENT’S behalf to requests by the Federal Communication Commission (“Commission” or “FCC”), School and Libraries Division of the Universal Service Administrative Company (“SLD/USAC”), Program Integrity Assurance Reviews (“PIA”) or any other person or entity acting on their behalf, relating to any and all E-rate related matters. I authorize ICI to prepare all required FCC forms for services as requested by CLIENT. The relevant time period for this letter of agency is February 1, 2021 through January 31, 2022.

By signing this Letter of Agency, I make the following certifications to ICI on behalf of the CLIENT:

- (a) I certify that Client has provided schools operated by CLIENT are eligible for support because they are schools under the statutory definition of elementary and secondary schools found in the **No Child Left Behind Act of 2001, 20 U.S.C. §§ 7801 (18) and (38)**, that do not operate as for-profit businesses and do not have endowments exceeding \$50 million.
- (b) I certify that CLIENT has secured access, separately or through this program, to all of the resources, including computers, training, software, internal connections, maintenance, and electrical capacity, necessary to use the services purchased effectively. I certify and recognize that some of the aforementioned resources are not eligible for support. I certify that CLIENT has secured access to all of the resources to pay the discounted charges for eligible services from funds to which access has been secured in the current funding year. I certify that the CLIENT will pay the non-discount portion of the cost of the goods and services to the Service Provider(s).
- (c) I certify that CLIENT has posted FCC Form 470 and that any related RFP was made available for at least 28 days before considering all bids received and selecting a service provider. I certify that all bids submitted were carefully considered by CLIENT and the most cost effective service offering was selected by CLIENT, with price being the primary factor considered, and is the most cost-effective means of meeting CLIENT's educational needs and technology goals.
- (d) If CLIENT has determined that CLIENT has selected an eligible commercially available business-class Internet access service, then I certify CLIENT is exempt from the requirement to post an FCC Form 470.
- (e) If CLIENT has determined CLIENT will use an eligible preferred master contract, then I certify that the services ordered by CLIENT were exempt from the requirement to post an FCC Form 470.
- (f) I certify that the services CLIENT purchases at discounts provided by 47 U.S.C. § 254 will be used primarily for educational purposes, see 47 C.F.R. § 54.500, and will not be sold, resold, or transferred in consideration for money or any other thing of value, except as permitted by the Commission's rules at 47 C.F.R. § 54.513. Additionally, I certify that the CLIENT has not received anything of value or a promise of anything of value, other than services and equipment sought by means of this form, from the service provider, or any representative or agent thereof or any consultant in connection with this request for services.

- (g) I certify that CLIENT has complied with all program rules, including recordkeeping requirements, and I acknowledge that CLIENT's failure to do so may result in denial of discount funding and/or cancellation of funding commitments. There are signed contracts or other legally binding agreements covering all of the services listed on any FCC Form 471 except for those services provided under non-contracted tariffed or month-to-month arrangements. I certify that CLIENT has acknowledged that failure to comply with program rules could result in civil or criminal prosecution by the appropriate law enforcement authorities.
- (h) I acknowledge, and CLIENT is aware, that the discount level used for shared services is conditional, for future years, upon ensuring that the most disadvantaged schools and libraries that are treated as sharing in the service, received an appropriate share of benefits from those services.
- (i) I certify that CLIENT will retain required documents for a period of at least ten (10) years (or whatever retention period is required by the rules in effect at the time of this certification), after the last day of service delivered. I certify that CLIENT will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the application for, receipt of, and delivery of services receiving schools and libraries discounts, and that if audited, CLIENT will make such records available to the Administrator. I acknowledge that CLIENT may be audited pursuant to participation in the Schools and Libraries programs.
- (j) I certify that I am authorized to order telecommunications and other supported services for CLIENT. I certify that I am authorized to submit requests, and sign this Letter of Agency on behalf of the CLIENT, that I have examined this Letter of Agency, that all of the information on this Letter of Agency and which I will provide pursuant to this Letter of Agency is true and correct to the best of my knowledge, that the CLIENT that is receiving discounts pursuant to CLIENT's applications have complied with the terms, conditions and purposes of the program, that no kickbacks were paid or will be paid to anyone and that false statements on any forms or through this Letter of Agency can be punished by fine or forfeiture under the Communications Act, 47 U.S.C. § 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001 and civil violations of the False Claims Act.
- (k) I certify that CLIENT has reviewed and complied with all applicable FCC, state and local procurement/competitive bidding requirements and that CLIENT has complied with them
- (l) I acknowledge on behalf of CLIENT that FCC rules provide that persons who have been convicted of criminal violations or held civilly liable for certain acts arising from their participation in the schools and libraries support mechanism are subject to suspension and debarment from the program. I certify CLIENT will institute reasonable measures to be informed, and will notify USAC should CLIENT be informed or become aware that CLIENT, or any person associated in any way with CLIENT, is convicted of a criminal violation or held civilly liable for acts arising from their participation in the school and libraries support mechanism.
- (m) I certify that if any Funding Requests are for discounts for products or services that contain both eligible and ineligible components for CLIENT, that I and/or CLIENT will allocate the eligible and ineligible components as required by the Commission's rules at 47 C.F.R. § 54.504.
- (n) I certify that CLIENT acknowledges that the non-discount portion of the costs for eligible services will not be paid by the service provider. The pre-discount costs of eligible services provided by

CLIENT are and will be net of any rebates or discounts offered by the service provider. I and CLIENT acknowledge that, for the purpose of this rule, the provision, by the provider of a supported service, of free services or products unrelated to the supported service or product constitutes a rebate of some or all of the cost of the supported services.

- (o) I certify that I will cooperate with ICI, on behalf of CLIENT, in responding to any inquiry from the SLD/USAC about this certification or any other representation made in this Letter of Agency
- (p) I certify that I am authorized to sign this Letter of Agency on behalf of CLIENT and, to the best of my knowledge, information, and belief, all information provided to ICI for E-rate submission is true and correct.

THEREFORE, IN CONSIDERATION OF the mutual agreements herein, Consultant and Client agree as follows:

1. Services. Consultant will perform for Client the consulting services ("Services") and create Deliverables as described in Attachment A. If there is a conflict or ambiguity between any term of this Agreement and any term of Attachment A, the terms of Attachment A will prevail.

2. Confidential Information. The Confidential Information of the discloser may be used by the receiver only in connection with the Services and may only be copied or reproduced to the extent reasonably necessary for the receiver to perform its obligations. Each party agrees to protect the confidentiality of the Confidential Information of the other in the same manner that it protects the confidentiality of its own proprietary and confidential information of like kind, but in no event shall either party exercise less than reasonable care in protecting such Confidential Information. Access to the Confidential Information shall be restricted to Consultant and Client personnel (including such personnel employed by affiliated entities) engaged in a use permitted hereby. Nothing in this Agreement shall prohibit or limit either party's use of information (including, but not limited to, ideas, concepts, know-how, techniques, and methodologies) (i) previously known to it without an obligation of confidence, (ii) independently developed by or for it, (iii) acquired by it from a third party which is not, to its knowledge, under an obligation of confidence with respect to such information, or (iv) which is or becomes publicly available through no breach of this Agreement. If either party receives a Freedom Of Information Act (FOIA) request for records, subpoena or other validly issued administrative or judicial process demanding Confidential Information of the other party, it shall promptly notify the other of such receipt and tender to it the defense of such demand. After providing such notification, the party receiving the subpoena shall be entitled to comply with such subpoena or other process to the extent permitted by law. Services provided hereunder in no event include Consultant acting as an expert witness or otherwise providing litigation support services.

Client acknowledges that the E-rate rules, regulations, guidelines, and enforcement procedures are subject to change, and ambiguities regarding many E-rate related issues exist including, but not limited to the eligibility of products and services for E-rate funding and interpretations of program compliance. Consultant is not responsible for the outcome of the School and Libraries Division of the Universal Service Administrative Company's ("SLD/USAC" or "SLD") decision on any E-rate related matters.

4. **Indemnification.** To the extent permitted by law, Client will indemnify and hold Consultant and its personnel and agents harmless from any third party claims, demands, loss, damage or expenses (including counsel fees and court costs) arising out of Client's use of the Services or the Deliverables and arising out of the bodily injury or death of any person or damage to real and/or tangible personal property directly caused by the negligence or willful misconduct of the Client, its personnel or agents during the course of the Services under this Agreement.

5. **Limitation of Liability.** The sole liability of Consultant (whether in contract, tort, negligence, strict liability in tort, by statute or otherwise) for any and all claims in any manner related to this Agreement will be the payment of direct damages, not to exceed (in the aggregate) the fees received by Consultant under this Agreement. In no event will either party be liable for consequential, incidental, indirect, special or punitive damage, loss or expenses (including, but not limited to, business interruption, lost business, lost profits or lost savings), even if it has been advised of their possible existence. Any action by either party must be brought within two (2) years after the cause of action arose.

6. **Compliance of Laws.** Client will retain responsibility for its compliance with all applicable federal, state and local laws and regulations relating to the Agreement and to its use of the Services and the Deliverables. Consultant will be responsible for compliance with all federal, state and local laws and regulations relating to this Agreement and applicable to its performance of the Services or preparation of the Deliverables.

7. **Term and Termination.** The term of this Agreement commences February 6, 2014 and ends January 31, 2015, unless terminated earlier as provided herein. The parties may mutually agree to extend this Agreement in writing with pricing to be negotiated at the time of the extension. Either party may at any time and without cause terminate this Agreement for convenience by giving thirty (30) days written notice of termination to the other party. Either party may terminate this Agreement by giving thirty (30) days written notice specifically identifying the breach, unless the breach is cured within the thirty (30) day period. In the event this Agreement is terminated, CLIENT will pay Consultant for all Services rendered and expenses incurred prior to the date of termination. All provisions of this Agreement that expressly or by implication are intended to survive the expiration or termination of this Agreement will survive such expiration or termination.

8. **Dispute Resolution.** The parties will make good faith efforts to first resolve internally any dispute under this Agreement by escalating it to higher levels of management. Any dispute, controversy, or claim arising out of, relating to, involving, or having any connection with this Agreement, including any question regarding the validity, interpretation, scope, performance, or enforceability of this dispute resolution provision, will be exclusively and finally settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association ("AAA") and the AAA Optional Procedures for Large, Complex Commercial Disputes. Any arbitration will be conducted on an individual, rather than a class-wide, basis. The arbitration will be conducted in Chicago, Illinois, unless the parties agree on another location, by three arbitrators, with each party selecting one arbitrator and the third selected by the AAA. The parties will be entitled to engage in reasonable discovery, including requests for production of relevant non-privileged documents. Depositions and interrogatories may be ordered by the arbitral panel upon a showing of need. All decisions, rulings, and awards of the arbitral panel will be made pursuant to majority vote of the three arbitrators. The award will be in accordance with the applicable law, will be in writing, and will state the reasons upon which it is based. The arbitrators will have no power to modify or abridge the terms of this Agreement.

9. **Independent Contractor.** Each party is an independent contractor and does not have any authority to bind or commit the other. Nothing in this Agreement will be deemed or construed to create a joint venture, partnership, fiduciary or agency relationship between such parties for any purpose.

10. **Entire Agreement.** This Agreement (including the Attachments attached hereto) set forth the entire understanding between the parties with respect to its subject matter, and supersedes all prior agreements,

conditions, warranties, representations, arrangements and communications, whether oral or written, and whether with or by Consultant, any of its affiliates, or any of their employees, officers, directors, agents or shareholders. Each party acknowledges that it is entering into this Agreement solely on the basis of the agreements and representations contained herein, and that it has not relied upon any representations, warranties, promises, or inducements of any kind, whether oral or written, and from any source. Each party acknowledges that it is a sophisticated business entity and that in entering into this Agreement it has had the opportunity to consult with counsel of its choosing. This Agreement may be executed by facsimile and in any number of counterparts, each of which will be considered an original for all purposes, and all of which when taken together will constitute one agreement binding on the parties, notwithstanding that both parties are not signatories to the original or the same counterpart. This Agreement may not be modified or amended except by the mutual written agreement of the parties. Any purchase order issued by Client will be for its administrative purposes only and none of its terms and conditions will be of any force or effect against Consultant. Nothing in this Agreement is intended or will be construed to confer on any party (other than Client, Consultant, and the parties entitled to indemnification) any rights, benefits or remedies of any kind, and no other party will be deemed to be a third party beneficiary.

11. Assignment/ Severability. Neither party may assign this Agreement without the prior written consent of the other, which consent will not be unreasonably withheld or delayed. If a court of competent jurisdiction or arbitral panel finds any term or provision of this Agreement to be invalid, illegal or otherwise unenforceable, such term or provision will not affect the other terms or provisions of this Agreement. Such term or provision will be deemed modified to the extent necessary, in the court's or panel's opinion, to render such term or provision enforceable while preserving to the fullest extent permissible, the intent and agreements of the parties set forth in this Agreement. Upon such modification, the rights and obligations of the parties will be construed and enforced in accordance with such modification.

14. Waiver. No waiver of any provision of this Agreement will be effective unless it is in writing and signed by the party against which it is sought to be enforced. The delay or failure by either party to exercise or enforce any of its rights under this Agreement is not a waiver of that party's right to later enforce those rights, nor will any single or partial exercise of any such right preclude any other or further exercise of these rights or any other right.

15. Notice. Any notice required or permitted hereunder shall be in writing and shall be deemed duly given or made when received, either hand delivered, sent via reputable overnight carrier or mailed by registered mail, return receipt requested, to the party to whom the same is so given or made.

DATE: December 3, 2020

TOPIC: NTDSE Molloy Renovations Funding & Bond Issuance

PREPARED BY: Courtney Whited

Recommended for:

- ☒ Action
- ☒ Discussion
- ☒ Information

Purpose/Background:

Niles Township District for Special Education #807 recently requested answers from SD74 relative to the payment for Molloy's renovations and additions. The image below was taken directly from NTDSE's online survey sent to the Niles Township school districts that will assist with the project's funding. The corresponding NTDSE slideshow presentation is attached.

Which payment option will your district be utilizing for the Molloy Renovation project? *

☐ One time payment - We will not participate in the bond sale.

☐ Debt service payments on the bonds over 10 years

☐ Debt service payments on the bonds over 20 years

Is your district planning to sell bonds in FY21? *

☐ Yes

☐ No

☐ Other: _____

If SD74 were to submit a one-time payment using funds from a bond issuance, the timeline for securing the bond is as follows:

Board Meeting #1: Board adopts resolution of intent and a resolution calling a public hearing (required legal notices to be published in the local newspaper within days after this meeting)

Board Meeting #2: Board holds the public hearing

Board Meeting #3: Board adopts parameters resolution for the sale of the bonds

Please note that these meetings may be either regular or special meetings. As a general rule, it usually takes 3 to 4 months from the time the Board of Education approves the sale of working cash bonds to the time the District receives the working cash bond proceeds.

Fiscal Impact:

\$1,009,787 paid up front in early FY22 (potentially financed with a bond issued by SD74)

Recommendation:

The Finance Committee concurs to recommend to the Board of Education to approve a one-time payment in the amount of \$1,009,787 for the NTDSE Molloy Renovations and Additions Project.

The Finance Committee concurs to recommend to the Board of Education to pursue a \$7,000,000 bond issuance for the NTDSE Molloy Renovations and Additions Project and other SD74 capital and health life safety improvements.
