

Lincolnwood School District 74 e-Learning PLAN 2021-2024

Introduction

Public Act 101-0012 of the 101st Illinois General Assembly permits local school districts to establish an e-Learning plan to address student learning in a remote environment. Lincolnwood School District 74 will utilize e-Learning to provide meaningful education to students during emergency days. Since our District has 1:1 computer devices in grades 3-8, provides extensive access to technology hardware in grades K-2, and experienced several months of e-Learning during the COVID-19 pandemic; students already have considerable exposure to digital learning. This plan allows our teachers to develop engaging and meaningful lessons that students can complete outside of school while complying with statutory requirements.

Ensure and verify at least 5 clock hours of instruction or school work, as required under Section 10-19.05, for each student participating in an e-Learning day.

Throughout the District, teachers will collaborate with their grade-level and subject level teams to develop activities aligned with the District's established curriculum. Suggested activities include completion of publisher produced online reading and math lessons, reading age appropriate stories through digital book collections, continued novel studies, and writing activities.

When an e-Learning day is declared, instruction will consist of a combination of live instruction through video conferencing, on-demand lessons provided through Learning Management Systems (SeeSaw - TH, Google Classroom - RH, Schoology - LH), and/or independent time to complete assignments. To the greatest extent possible, the e-Learning schedule will mimic that day's regular school day schedule to afford the opportunity to move forward in the curriculum.
